A Message from the Chief

Greetings Tribe Members:

Happy New Year! The officers and I send you and your families all the best wishes for the New Year - We look forward to making and sharing memories with you in 2010!

With this new year upon us, we look forward to all the exciting activities and events planned in the upcoming months. Besides the traditional selections and tapping days, we have planned additional activities this semester --- we will have a Family Day later this semester and we have organized Honor Courts for Women's Basketball, Men's Basketball, and Baseball throughout the semester. We will also be planning community service activities as well as social events throughout the upcoming months. Make sure to mark your calendars with the dates we have provided in this newsletter and be on the lookout for emails providing information about other events we have planned throughout the semester! You may also visit our website - www.ironarrow.com - for more information about upcoming events.

One exciting thing we will be initiating this semester is the Iron Arrow Lecture Series. The lecture series will feature Iron Arrow tribe members who have volunteered to present informative lectures and workshops to members of the University of Miami community and community at large. Our first lecture will take place on Monday, February 1st at 7:30PM in the Coral Gables Wellness Center Classrooms. "Nutritional and Lifestyle Guide to Cancer Prevention" will be presented by tribe member Dr. Orlando E. Silva, Director of Breast Cancer Education and Associate Professor of Clinical Medicine at the University of Miami School of Medicine. We look forward to seeing you at the lectures this semester and invite you to provide us with any feedback or suggestions regarding our first lecture or any future lectures.

Finally, I would like to thank you all for trusting and allowing me to serve as your Chief this year - It has been a wonderful and inspiring experience and I look forward to continuing to lead our tribe in 2010. It has been my goal this year for us to embrace the spirit, history, and traditions of our tribe and Alma Mater and I look forward to continuing to unite us in this purpose this year.

I invite you all to contact me with any suggestions or advice you would like to share with the officers. Please feel free to contact me anytime at 305-495-6620 or ESDoyle052@yahoo.com.

Yours in the Arrow,

Elena S. Doyle
Chief, Iron Arrow

Reflections from members of the Fall 2009 Tapping Class

Drum beats....marching processions...surprise... jackets...orange, green, white paint....luncheon. Bonfire...elders...history. Study meetings....new people...amazing background....brownies...laughter. Time capsules....Tuttle...Millar...founders. 1926... Ashe....hurricane....cardboard university...Hail to the Spirit. Initiation...fears...hopes...togetherness. Sunrise....hugs...smiles...tears...friendships forever..... Alma Mater...University of Miami....Iron Arrow... SO VERY SPECIAL FOREVER!

- Judge Stan Blake
(Alumni)

It took awhile to be able to articulate just how I felt after initiation. Although it was nothing but joy, pride in University of Miami and my peers, and a humbleness for having been chosen among such a group of benevolent, accomplished, and dynamic individuals, I was struck by how I had never quite felt so many things all at once in such a short span of time. For a while, I would sometimes stop to question whether it all actually happened or if it was maybe just a dream.

It was easily one of the most special weeks in my time here at UM - from tapping to initiation I had the opportunity to learn about things I'd seen often and yet rarely questioned. I was asked to step out of my law school roles, and into one that required I be resourceful in other ways. Most importantly, I have come to know such amazing people - I am a better person for the experience and I am fortunate to have shared it with those that I hope to call my friends from now on.
- Khari Taustin (Law Student)

NEW: Iron Arrow Lecture Series

The Iron Arrow Lecture Series will feature Iron Arrow tribe members who have volunteered to present informative lectures and workshops (as experts in their individual fields) to members of the University of Miami community and community at large.

"Nutritional and Lifestyle Guide to Cancer Prevention," our first lecture, will take place on Monday, February 1st at 7:30PM in the Wellness Center Classrooms. The lecture will be presented by tribe member Dr. Orlando E. Silva, Director of Breast Cancer Education and Associate Professor of Clinical Medicine at the University of Miami School of Medicine.

For more information on how you can get involved, or to suggest a future lecture or presenter, please contact us ironarrow@miami.edu

Luncheon Speaker: Antonio T. Coley

Tony is a graduate of the University of Miami, where he earned a Bachelor of Science degree. Tony was a starting linebacker on UM's football team, which won 3 conference championships and played for 2 national titles. Tony earned numerous accolades for academics, athletics and community service. Among his honors were selections to the College Football Association's Academic All-American Team as well as to Iron Arrow. Tony also earned a place on the NCAA Good Works Team, a national award recognizing outstanding service to the community. In September of 2009, Tony was named City Executive of BB&T's Broward Region. He serves as BB&T's senior banking officer in Broward County and has direct responsibility for all of BB&T's commercial lending activities. Tony joined BB&T through its acquisition of Colonial Bank in August of 2009. Tony Coley was President & CEO of Colonial Bank's South Florida Commercial Lending Unit. Tony resides in the South Florida with his family - he has remained very active in the community, holding a seat on two local boards: Community Blood Centers of South Florida and Community Partnership for Homeless in Miami. Tony is also a United Way of Broward County Community Ambassador. We are honored to have Tony Coley as our Luncheon Speaker!
